Feeder Services

Caribbean Feeder Services was created in 1999 to act as a neutral operator, providing service to the smaller ports in the Caribbean region.

The concept is simple:

- Neutral port connections for main shipping lines
- Slots in CFS ships in FIOS terms
- No ownership of containers

In October 2018 Perez y Cía. Group acquired **CFS** as part of its international expansion strategy for its integration with its network of Caribbean agencies. Since then, the company continues to support the region's development through its logistics service.
